

## Digital Input Port Pin-out

[Back panel diagram view]  
Standard female DB-9 connector

pin#

1 = ground

2 = TTL7

3 = TTL5

4 = TTL3

5 = TTL1

pin#

6 = TTL8

7 = TTL6

8 = TTL4

9 = TTL2

The new ValveLink8.2 uses the same DB-9 female connector on the case (male plug on cable) as the old ValveLink, but completely different pin-out and numbering from 1-8 instead of 0-7.
